

Marcus Klossek Blink 7

Blink 7 is the latest and extended project by Marcus Klossek, the Berlin-based composer and guitarist.

For the past 12 years, he has been performing and recording 5 albums with his tried-and-tested Electric Trio. He then expanded the band, adding a blowing section with three of his favorite musicians, creating the unique sextet Blink 6 - his largest project to date at that time. Their debut album received excellent reviews and led to successful appearances at festivals across Europe.

Now Blink 6 has grown into Blink 7 with the addition of Korean vocalist Chamin, whose original lyrics in Korean bring a completely new layer of sound, colour and expression to the music. An upcoming album with this fresh line-up is currently in the works, featuring original tunes that weave composition, improvisation and storytelling into a distinctive voice.

After an extensive writing period, Marcus Klossek is ready to present this new material with Blink 7. The band's unique chemistry promises a recording full of energy, colour and surprising twists - and they can't wait to share it with their audience.

This multi-dimensional unity filters Klossek's compositional explorations of melody, harmony and rhythm through the lens of seven master improvisers, arranged in a way that allows the music to sound differently every time.

Music that features many influences and genres from contemporary jazz, experimental rock, new music and beyond, as well as dynamic interplay between all the musicians.

Stay tuned for updates on Blink 7's upcoming album and performances - and don't miss the chance to experience a mind-blowing, innovative sound and vibe!
